SECTION III - Justification:

Significantly grow the Oracle marketshare and box out Peoplesoft at Ameritrade. (They are also a Peoplesoft shop) They historically have received 33% discount. Contracts at 30% discount, \$10,000 JE to OC. Q4 deal.

OCS presented a \$60k proposal for a 'best practices' study to be conducted in the April-May timeframe. We also presented a license proposal for related products at the same time and told the customer the license team would 'fund' \$10k of the consulting agreement if the customer would execute the license deal in the April timeframe. We felt this was a better incentive to offer because it showed real value to the customer and keeps the license discount lower in the eyes of the customer.
